## New Menu Warms Up Winter!

Chef Tim Davies has launched his new Winter Menu to warm us up for the next three months. Got the idea that it's hard to get fresh local ingredients in winter? This new menu will knock the ice off that misconception.

Chef Tim and his crew have put together one of the most outrageously delicious menus yet.

You can view the lunch and dinner menus online at [www.willowonwascana.ca](http://www.willowonwascana.ca)

If you visited The Willow in December and have a **Red Envelope** hiding in your car, on your desk, or in your jacket, make sure you bring it in in the next four weeks to find out which great prize you won. We've already given away \$10,000 in prizes.

What did you win? You have to be here to find out!

And remember... **No Peeking!**

Look for an Italian themed Chef's Offering coming in January. Chef Tim is thinking pasta ~ Willow Style! We'll let you know when it's available. Ciao!
